Retention: GSK-Default-15Months (1 year, 3 months) Expires: Sun 5/2/2027 12:40 AM

eCard

Seema, please accept this E-Card on behalf of GSK for all the testing efforts made which allowed us to deliver LES to the Ware manufacturing facility in 2025. You continue to effortlessly handle managing the day-to-day activities of the entire testing team as well as the ALM processes and test case build and execution of the Ware LES static data delivery. You have done this independently and seamlessly, which really helped streamline the timeline. The entire team thanks you for independently driving the testing approach.
